

We're here to help you recover more, faster.

Mortgage and Auto Solutions, Inc. (MASI) provides clients with a world-class claims experience. Our use of experienced insurance professionals and innovative technology solutions help us put more insurance money in your pocket faster than anyone in the industry.

MASI is dedicated to serving your loss mitigation needs for your mortgage and auto portfolios with cutting-edge products such as RepoSource® and RecoverNow®.

RepoSource Total Repossession Management System

RepoSource can help clients collect insurance recoveries from insurance carriers on their repossessed vehicles. In fact, RepoSource has helped clients recover more than \$50 million since it launched.

Over the past three years, we've processed more than 640,000 claims related to repossessions and more than 200,000 claims through RepoSource — that's an average of almost 18,000 repossessions and more than 5,700 claims per month. When it comes to high volume repossessions, MASI is truly the expert who can help you recover more, faster.

Save time, money and resources

- Using RepoSource can help your overall charge-offs by maximizing insurance recoveries on damaged repossessed vehicles.
- Our advanced system helps you quantify your ongoing exposure on insurance losses.
- With RepoSource, you can easily access current insurance and claim status information 24/7 from our secure online portal.

System features and benefits

- View uploaded appraisals, photos and related information electronically
- Access vehicle status information 24/7
- Integrate with your auction lots and our claims system
- Recover and collect lienholder claims

With RepoSource, you have access to a powerful platform that expedites the filing and payment of both collateral protection insurance (CPI) and outside insurance claims, with minimal involvement required by you and your staff. RepoSource is backed by experience, expertise and advanced technology.

As a MASI client, RepoSource can give you substantial results, including:

- Reduced cycle time — Integration with our clients' vendors and our tracking system, combined with appraisers right at the auction lot, enables us to inspect vehicles as soon as they are processed at the auction lot
- Faster claims filing — Because we can easily identify the carrier that insured the collateral, MASI can file claims and recover insurance dollars faster than anyone in the market today
- Improved claims recoveries when we file claims on our clients' behalf
- Decreased overall charge-offs

 **Call a MASI sales executive at 1.855.255.MASI (6274) to find out how RepoSource can help you save millions of dollars, too.**
